Where does your money go? Since its founding in 1917 Bird Protection Quebec has been active in bird protection and advocacy. In addition to purchasing land for bird sanctuaries and managing and maintaining these properties, we sponsor numerous bird-related education and research programmes each year. Your membership fees and donations assist in funding these activities and help protect Quebec birds. We also welcome donations of appropriate land for sanctuary use.

BECOME A VOLUNTEER

Bird Protection Quebec operates almost exclusively thanks to the dedication of volunteers. There are many ways you can participate and help us accomplish our mission to protect birds and bird habitat through education, conservation and observation.

One of the ways would be by joining one of our standing committees. These committees are active throughout the year and keep our activities running smoothly:

- Conservation
 - Grants
 - Property Acquisitions
 - Sanctuaries
- Education
 - Monthly meetings
 - Field Trips
 - Communications
 - Publicity and marketing
- Finance
 - Membership Services
 - Archives

Always on the lookout for new ideas and ready to open the door to new recruits, these committees would welcome you with open arms! The amount of time required to participate varies depending on the committee and your level of involvement.

I would be interested in joining a committee involved in _____

or, wherever volunteers are most needed

If you prefer, you can offer to help us on an occasional basis; we often need help with specific projects (for example, trail clearing) or with particular tasks requiring specialized skills (for example, assistance in legal or financial matters, organizing events, etc.). Let us know which activities you're interested in:
